Government of India Indian Space Research Organisation INDIAN INSTITUTE OF REMOTE SENSING

About IIRS

Indian Institute of Remote Sensing (IIRS) is a premier Training and Educational Institute set-up for developing trained professionals in the field of Geospatial Technology for Natural Resources, Environmental and Disaster Management., Founded in 1966, the Institute boasts to be the first of its kind in entire South-East Asia. While nurturing its primary endeavor to build capacity among the user community by training mid-career professionals, the Institute has enhanced its capability and evolved many training and education programmes that are tuned to meet the requirements of various target user groups in the society, ranging from fresh graduates to policy makers including academia.

About IIRS Outreach Programme

IIRS outreach programme is an innovative distance learning initiative for training the students and professionals from academic Institutions and user departments in the field of geospatial technology & Earth Observation (EO) by utilizing state-of-art Information and communication technologies. The programme also attracts young generation to build their career in the area of space science and its applications. IIRS outreach program was initiated in year 2007 with 312 participants from twelve universities in India. Till December 2021, IIRS has successfully conducted 125 outreach programmes through live and interactive classroom mode (also known as EDUSAT programme) benefitting more than 4.8 lakh participants from 3050 network Institutions distributed across the country.

Annual IIRS Outreach Meet – 2022

IIRS conducts annual outreach meet to take feedback on online courses conducted by IIRS in last calendar/financial year. The coordinators of IIRS nodal centres are invited to participate in the feedback session through virtual mode. The course participants who have completed the IIRS online course (s) in year 2021 and received the course participation certificate are also invited for this event. This year, due to large number of participants, the annual feedback will be collected online and coordinator/participant with best suggestions will be invited for feedback talk during the event through virtual mode. During this event, the technical presentation on various aspects of online training and education are also planned.

Who can participate?

Coordinators of IIRS DLP Nodal centres; and
Participants of IIRS online courses conducted in year 2020 and 2021.

Date & mode of the event

Annual IIRS Outreach meet is scheduled for **March 24, 2022**. The participants of this event will also join IIRS Academia Meet-2022 on March 25, 2022.

Event registrations

The registration for the event will be through individual login of the coordinator i.e. E-CALSS CMS and individual login of the participant in course registration application. Links for registrations are:

Coordinators of IIRS DLP nodal centres- <https://elearning.iirs.gov.in/eclasscms/public/login>

Participants of IIRS online courses- <https://elearning.iirs.gov.in/edusatregistration/student>

Tentative Schedule

- Inaugural of the event- 1030 hrs

Technical programme & presentations:

- New initiatives in IIRS Outreach Programme.
- Industry presentation on Concept of virtual RS&GIS lab in cloud computation.
- Feedback report by IIRS DLP coordinators & students.
- Annual Feedback report by Programme coordinator.
- Panel Discussion & Way Forward.
